NO. 49

HUSTONVILLE.

The corn crop is the talk of the country.

Mr. S. H. Reid has a 1½ pound tonna, to which he raised.

Cooks and nurses are scarce in this section. If you have a surplus send up a dozen or so each.

C. C. Vanarsdale & Co., are offering only 60 cents for wheat. Most of our farmers will hold for better prices.

Wheat is damaging in the stack and while there are two threshers in this end neither can turn a wheel because of break-downs.

During Pastor B. J. Pinkerton's absence Dr. Hawkins Brown has made a number of interesting talks at the Christian church.

The lumber belonging to the fair association which cost \$90, was sold Saturday afternoon to W. G. Cowan for \$60. Treasurer J. H. Hocker thinks the association will pay a small dividend.

Miss Flora Whittington, a handsome and popular Bloomfield young lady, is the guest of Miss Anna Reid. Miss Margaret Ingles, who was with Miss Lou Hocker, has returned to Paris. Miss Lucile Cooper is visiting Miss Helen Hocker.

Notwithstanding there are 80 odd white children of school age in the Hustonville district only 17 are attending the public school there which has one of the most efficient teachers in the county. Miss Anna Reid's school on the Bradfordville pike has an enrollment of about 30.

The following gentlemen left early Monday morning for Russell Springs to spend a week and attend the fair: Dr. Hawkins Brown, Messrs. Samuel H. Reid, T. J. Robinson, J. W. Hocker, J. Walker Givens, Ed Stagg, John B. Rout, C. C. Carpenter, Fred Collins and John Foley. They took a wagon-load of provisions, bedding, etc., and will camp out. Tobe Cooper, a 250-pound darkey, accompanied them and will do the cooking.

The people of the Kidd's Store section are much aroused over the burning of William Wright's blacksmith shop, which was occupied by Fred Goode. A coal oil can which it is claimed belongs to T. J. Price, the other blacksmith there, was found among the debris and this with other things of a similar nature caused the arrest of Price and his son. They have not yet been tried, but something sensational is expected when the trial is held. Young Price and Goode had a difficulty a year or so ago in which the former was shot.

MCKINNEY.

The L. O. T. Ms. of this place, rigged up in the best of style, drove over to Junction City Friday night and enjoyed a supper with the same organization at that place. The members who went from here were: Mrs. Anne Dudderar, Mrs. Bettie Owens, Mrs. Jennie Alford and Misses Alice Gooch, Florence Tanner, Annie Taylor and Annie Routen. They report a most excellent time and are loud in their praise of the Junction City L. O. T. Ms.

Miss Lulu Adams, one of Casey's fair young teachers, spent Sunday with friends here. Dr. Armstrong has gone to Russell Springs to attend the fair. Mrs. Katie Dedman, who has been visiting relatives here for two weeks, returned to her home at Somerset Sunday. John Carter, who has been sick almost constantly since he joined the army soon after the first call for troops was made, returned home Friday, looking considerably "the worse for wear." Archie Scanling and Frank McKee, soldier boys of the 2d Kentucky regiment, are home on a 10 days furlough. Howard Huston was home from his work at Ludlow Sunday night.

Mr. J. J. Lewis, a former citizen of Rockcastle county, and the last surviving uncle of our townsmen, Mr. Wat Dudderar, died in Huston, Texas, last Wednesday. Miss Clara Cooper, who had been sick of typhoid fever for 51 days, died at her home near town last Thursday afternoon. The remains were followed by a long procession to McKinney cemetery, where Rev. E. M. C. Dunckling conducted the funeral ceremonies, after which the mound which now marks the resting place of the form so much loved by hosts of friends, was literally covered by beautiful flowers tastily arranged by loving hands of surviving friends. The fond parents, Mr. and Mrs. R. H. Cooper, have the sympathy of the community in their deep distress, this being their second daughter to die within the last month of this dread disease. Miss Clara was aged 13 years. News of the death of Mr. J. M. Durham, a prominent merchant at Middleburg, reached here this, Monday, morning. Funeral this P. M., conducted by the Masonic Fraternity.

Unusually low excursion rate to Cincinnati, Queen & Crescent Route to G. A. R. Encampment Sept. 5-10. Tickets sell September 3d to 9th.

DANVILLE.

Ellen Gregory was fined \$10 for breach of the peace at Needmore.

Danville base ball club defeated the Perryville team on the latter's ground Saturday by a score of 14 to 5.

Union services were conducted at the 1st Presbyterian church Sunday night by Rev. Massie, of the Baptist church.

Mary, daughter of Mr. and Mrs. William Knox, formerly of Danville, won the prize at Lawrenceburg fair for the prettiest baby.

Mr. Reuben Gentry was very successful at the Lawrenceburg fair with his fine Berkshires, winning 11 first premiums, 15 2d and three 3d.

The following Danville excursionists are at Niagara: Mrs. Jacob Hugueley, Mrs. Nelson May and Misses Nancy Hugueley, Virginia Bowman, Fanny Knox, Rebecca Pope, Sallie Woods, Ida Winglate and Josephine Reid, of Stanford.

A committee from Mt. Sterling, composed of Mayor G. W. Baird and Councilmen W. A. Wilson, Dr. W. R. Thompson, Will Wilson, R. Durbridge, W. A. Dehaven, came over to our city to inspect the water works plant. They were highly pleased both with the plant and also Danville. They left here for Richmond and Winchester.

Prof. F. H. Law, formerly professor of English and French in Centre College, has accepted the chair of head professor in English in the Pawtucket, Rhode Island, High School. This fall he will publish two novels. He was an able literary man and resigned his position with Centre College to pursue his literary work in New York City, but decided later to accept his present situation.

Rev. F. J. Cheek is visiting relatives here. Mr. Rane Bohon, of Decatur, Ill., is visiting Mr. Will Bohon. H. C. Bright and family have returned from Crab Orchard Springs. Drs. Wyatt and Letcher are enjoying an outing at Paint Lick and Crab Orchard. Miss Bush Grinstead has returned from Louisville. Miss Mattie Grinstead accompanied her. Mr. Buckner Fisher, of St. Louis, is the guest of his uncle, Mayor Jere B. Fisher. Miss Josie May McGoodwin is visiting friends in Winchester. Mrs. William Hall, of Iowa, has returned home after visiting Mrs. Mary Downton. Miss Lucy Crow is the guest of Mrs. Lucy Webster. Some young people stormed Miss Emily Letcher and her guest, Miss McKinley, and spent most enjoyable evening. Mr. Nicholas McDowell, Jr., left yesterday for Mackinac Island. Mrs. Owen Kimble is visiting her mother, Mrs. Fannie Knox, at Atoka. Misses Mamie and Annie Lanier have returned home after spending some weeks in Louisville. Miss Flossie Webster, of Indianapolis, who has been visiting Miss Mary Dunn, returned to Crab Orchard Saturday.

About one month ago my child, which is fifteen months old, had an attack of diarrhoea accompanied by vomiting. I gave it such remedies as are usually given in such cases, but as nothing gave relief, we sent for a physician and it was under his care for a week. At this time the child had been sick for about 10 days and was having about 25 operations of the bowels every 12 hours, and we were convinced that unless it soon obtained relief it would not live. Chamberlain's Colic, Cholera and Diarrhoea Remedy was recommended, and I decided to try it. I soon noticed a change for the better; by its continued use a complete cure was brought about and it is now perfectly healthy.—C. L. Boggs, Stumpson, Gilmer Co., W. Va. For sale by Craig & Hocker, Druggists.

Expert Ware's report shows that the earnings of the chair plant in the Frankfort penitentiary for the past eight months amount to only 25 cents a day for the labor of each convict employed, while the contract guarantees the state shall receive 35 cents a day for the labor. This entails a loss of several thousand dollars on the state, and unless Martin makes it good his contract will probably be rescinded.

COOL WISCONSIN RESORTS.—The Monon Route via Chicago is the proper line. Write E. H. Bacon, D. P. A., Monon Route, Louisville, for pamphlets, rates and time tables for all resorts in Wisconsin, Minnesota and Michigan. Information cheerfully given and services of an agent to meet all parties on arrival of trains at Louisville and Chicago rendered free.

People who suffer from sleeplessness should try the plan of breathing slowly, deeply and with precise uniformity. This will gradually divert from the brain the excess of activity that hinders sleep.

POLITICAL POINTS.

A dispatch from Barboursville says that Hon. John Henry Wilson will run for circuit judge.

Of the many mentioned candidates only Hon. Oscar Turner, Dr. S. Atwood Smith and James T. Williams paid the \$200 necessary to enter the primary for Congress in the 5th district.

The Eleventh district democratic congressional convention will be held at London, September 7. The leaders of the party in the district decided that they could not afford to make no nominations, in order to help out John D. White in his independent race.

Mr. Thomas M. Owsley, the young man from Bowling Green, has come to the sensible conclusion that this is going to be an "off year" for the republicans in Kentucky, and especially in the Third Congressional district, and withdrawn from the race for the republican Congressional nomination.—Glasgow News.

There is considerable curiosity concerning the plan of campaign that Davison will pursue in his congressional race. Mr. Gilbert, the democratic nominee, is a splendid mixer and fine stumper, and he has announced his intention of challenging Davison to debates in every county in the district.

As a speaker Davison is not a brilliant success; neither does he believe that there is much virtue in the political speech. He is a great man to make a house-to-house canvass.—Danville Courier-Journal.

NEWS IN THE VICINAGE.

Gen. C. M. Clay's peasant wife is now living in poverty in Woodford county.

Silas Witt, aged 95, died in Estill county, after voting the republican ticket since the organization of that party.

John Kersey got five years at Lancaster for shooting Henry Beasley and Speed Young the same time for stealing meat.

The Black Diamond Coal Company, operating large mines in the Jellico district, has gone into the hands of a receiver upon application of creditors at Knoxvile.

John B. Thompson is engineering a plan to cut the whisky production of the State from 46,000,000 gallons to 16,000,000 a year for five years and is meeting with success.

W. C. Gormley, a Richmond saloon keeper, tried to shoot A. S. Drake, of Danville, in a difficulty at the former place, but Drake knocked the weapon up and the ball went wide of the mark.

Richmond officials have secured two bloodhounds. One of the dogs has been named Christine Bradley in honor of Gov. Bradley's charming daughter, and the other Dick Hobson for the hero of the Merrimac.

The first indictment under the Martin law in this section was drawn at Lancaster against Wm. Wren, a turnpike raider who is charged with "unlawfully and feloniously, confederating, banding and going forth, together with other persons, for the purpose of molesting, injuring and destroying the property of a corporation."

The Advocate says that the repairs of the Perryville pike were let at \$85 a mile, five miles of the Lebanon road at \$50 and five at \$100, the Salt River pike at \$50, the Perryville & Mitchellsburg at \$48 and the Perryville & Springfield at \$35. Contracts were made for the Harrodsburg & Perryville pike at \$7 a rod for broken rock to be spread at \$2 a mile, the ditches and culverts o be kept in repair at \$5 a mile.

The suit of the King geal heirs against the squatters on a tract of 30,000 acres of land in Knox county has been compromised. The heirs are to give them title to the land and one-tenth of the oil and coal products after development, the King geal heirs to have the other nine-tenths, and if they do not develop the oil and coal in 10 years they forfeit all rights to land, oil and coal. This suit is the most extensive ever brought in that end of the State, there being over \$500,000 involved.

A dispatch from Pineville says that on Friday morning Bratcher Williams and John Head, with some women, were visiting a peach orchard when a man named Malone and another—Isaac Lunsford—appeared at the orchard and tried to persuade the women to quit the company of Williams and Head and go with them. A fight followed which resulted in the death of Williams, Head and Malone, and the serious wounding of Lunsford.

THE BEST REMEDY FOR FLUX.

Mr. John Mathias, a well known stock dealer of Pulaski, Ky., says: "After suffering for over a week with flux, and my physician having failed to relieve me, I was advised to try Chamberlain's Colic, Cholera and Diarrhoea Remedy, and have the pleasure of stating that the half of one bottle cured me. THE BRODHEAD FAIR.

Another Brodhead fair is a memory and another success is added to the list of fairs held at that good old town. An immense crowd attended Friday, the day it was the writer's good fortune to be present, and an excellent program was carried out. Stock from several counties was there and the animal that wore the blue tie had to be a good one. In the morning saddle stock and the fancy turnout rings were shown and in each there were several competitors. Bud Dunn, of Madison, a brother of A. C. Dunn, of Lincoln, was the most successful, winning three strings in succession. The fancy turnout ring was won by George McClintock, of Madison, with Walter W. Saunders, second.

The races in the afternoon were both interesting and exciting. McClure & Napier, of Crab Orchard, won the trot with Black Betsy, while Perry Ballard, formerly of this county, got the money in the running race with Col. Welch, the horse Mr. S. H. Baughman raced awhile and sold to Dink Farmer. D. K. Farris, of Crab Orchard, had a starter in the race, but she was sick and did not better than come third.

Splendid order was preserved through the entire fair and nothing of an unpleasant memory is left. Rockcastle people are proud of the Brodhead fair and leave nothing undone that will add to the pleasure of those who attend. There is no pulling in different directions, but all unite in trying to make fair week a gala and pleasant one.

Among the distinguished guests Friday was the Hon. G. G. Gilbert, the next Congressman from this district. He was well received both by democrats and republicans and if I am not badly mistaken he is going to run the grey gelding a warm race even in that republican county.

There are few towns better prepared to entertain a crowd than Brodhead. The Albright and Francisco hotels had a half dozen or so houses rented for the occasion and the stranger was well cared for. For \$1 a day a person can get splendid accommodation and the kindest treatment imaginable.

The Riggsby, Kings and Wallins are considerably hurt because of an item which appeared in the INTERIOR JOURNAL just after the killing of Joe Tilford at Crab Orchard by Geo. Stephenson. They claim, and are borne out in the statement, that they not only took no part in the mob, which was organized for the purpose of lynching the Negro, but used every effort to prevent it and let the law take its course when Judge Saufley promised a speedy trial.

The gentlemen are all clever men and good citizens and are not trouble-hunters by a long shot.

The writer is under obligations to President Protheroe, Secretary Albright and Treasurer Cherry for courtesies. They are among the cleverest gentlemen in the county and are well equipped for the offices they hold in the Rockcastle County Fair Association.

KY. GROWERS' INSURANCE CO.

IN A MOST FLOURISHING CONDITION.

The Kentucky Growers' Insurance Co., in which the farmers of Lincoln county are so largely interested, held its annual meeting at Lexington, Tuesday, Aug. 16th. Spurr, J. D. Hinton, W. H. Warren and J. C. Bosworth.

After an examination of the business for the past year the board found the company in a flourishing condition, having met all losses and more than doubled its business. It now carries \$1,225,000 of insurance. Farmers desiring to save money will find it to their interest to consider this system of protection against fire, lightning and wind.

WE WANT TO SAY

THE INTERIOR JOURNAL

STANFORD, KY., - AUG. 23, 1898

W. P. WALTON.

Democratic Nominee For Congress,
HON. G. G. GILBERT,
Of Shelby County.

ALTHOUGH "Manila and its Suburbs" were surrendered after the protocol had been signed, both Dewey and Merritt were ignorant of it, and they are as much ours as if they had been taken before. The battle of New Orleans was fought after the declaration of peace and we kept all we contended for there. The arbitration of the disposition of the Philippine Islands should not have been left to a commission in the first place, and it would not have been had McKinley a stiff backbone, but their capture simplifies matters and should settle the question in our favor. The United States should forever hold every foot of territory bought by the blood and valor of our soldiers and if it is a mooted question whether the whole of the Philippines were included in the surrender, we should be given the benefit of the doubt or proceed to take them vi et armis. They will have to be taken that way finally for the five commissioners on a side will never agree and at the conclusion of their labors this country and Spain will be further apart than now. We had her down and but for the truckling policy of the administration, Spain would have accepted our demands without the intervention of a commission and the war would now be over, with no prospect of a renewal of hostilities as at present.

THE board of trustees of the Houses of Reform met at Lexington Friday and decided to purchase what is known as the Tanner farm, which lies on the Cincinnati Southern near the Georgetown pike four miles from Lexington, provided geologists pronounce the water supply and the sewerage prospects favorable. The farm has a little over 200 acres and will be bought at once and the necessary buildings immediately begun, and pushed to completion. Only \$50,000 of the \$100,000 appropriated will be used for the present. The board will meet with Gov. Bradley at Frankfort on the 13th of September, the law making it his duty to pass on all its actions.

NEW YORK gave a grand welcome to the North Atlantic Squadron Saturday. The New York, Iowa, Indiana, Brooklyn, Massachusetts, Oregon and Texas lay in New York Bay and hundreds of thousands of people on the shores and on all sorts of crafts haloed themselves hoarse in cheering the vessels and their gallant commanders and men, while steam whistles shrieked and cannons boomed for three hours. Mayor Van Wyck made the welcome speech and Admiral Sampson responded. Both were brief and well timed and the whole program was impressive and patriotic.

THE Cynthiana Democrat says that the Hon. Gray Gelding Davison looks like a monkey and will look more like one when George Gilbert gets through with him. This is doubtless true, in fact we may admit its entire truth, but Breck Allen is treading on dangerous ground. We may occasionally compare our man to certain animals and other things, but he is our meat entirely and we do not permit other folks to do so. So beware. Things will never come to such a pass, that we shant wallop our own jackass, but no other man shall hit him a lick and not hear from us.

STATE AUDITOR STONE has announced that he will refuse to pay the expenses of the election commission should the court of appeals uphold the constitutionality of the act under which it is operating. This gentleman must stand in with the lawyers of Frankfort, who get fat fees out of the State in mandamus cases. He recently put the trustees of the Houses of Reform to an expense of \$700 or \$800 to compel him to pay the appropriation made by the Legislature.

BOYLE and Madison both instructed for Davison, who will be nominated for Congress on the first ballot, notwithstanding Col. N. D. Miles, of Jessamine, has shied his castor in the ring. It is very certain that Davison will make one race too many and that after November next his name will be Dennis.

IT is said that the republicans in the 3d district have seen the handwriting on the wall that John Rhea will be his own successor in Congress and have about decided to give him a clear track. It is well. Rhea is a dead sure winner, no matter who is pitted against him.

JOHN RHEA says that Kentucky democrats will elect 10 Congressmen this year, and it begins to look like he is right. We feel pretty sure that the 8th will help to prove the prediction correct.

NEITHER President McKinley, Gov. Bradley or ourselves will attend the G. A. R. encampment at Cincinnati, and it will therefore be a failure.

MOREU, the captain of the Christobal Colon, says it is useless to try to float that splendid vessel and hints at some dark Spanish plots in connection with her that he says he will tell in the cortes, of which he is a member. He speaks in highest terms of most of the American naval officers, but roasts Sigsbee, who, he says, was off drinking champagne and having a big time, when his vessel, the Maine, was blown up, and although he said differently to him, went off and swore that the ship was blown up by the Spaniards.

GOV. MCCREARY is mentioned as one of the peace commissioners. He served with President McKinley several terms in Congress and the two are warm friends, the president being fully aware of the broad statesmanship of the governor, whose appointment would not only please his friends, but be a guarantee that American interests would be taken care of and an earnest that this country would gatherfully the fruits of the war.

WHAT fools these mortals be! Miss Emma Arnold, the St. Louis young woman, who kissed Lt. Hobson at the expense both of her modesty and good sense, is reaping a rich harvest of fools. She gets proposals of marriage by the score and now the directors of the Wichita-County (Kas.) Fair have written her asking her to assume charge of the woman's department of the fair and name her own price.

AN official of the war department, states that a large majority of the volunteer privates want to be mustered out of the service. And they should be mustered out at once. What is the use of burdening the country with a yet greater debt keeping these men in camp or hauling them around the country at a heavy expense? Parole them if needs be, and cut down the enormous expense as fast as possible.

COL. ZEIGLER, who the prohibitionists have put up for Congress in this district, is a Pennsylvania product, who preached in Presbyterian pulpits for 15 years and then discovered doubtless that he was not "called." At any rate he quit preaching for politics, which he will probably find is hell before he gets through.

WAR TALK.

Eight war ships are now at Old Point.

The surrender at Manila is said to have included the entire Philippine archipelago.

Gen. Sanger's brigade and several other regiments are now encamped at Lexington.

A dispatch from Camp Thomas says that the 2d regiment will be mustered out in a few weeks.

The signal corps of the army has constructed about 250 miles of telegraph lines in Porto Rico.

Capt. Sigsbee, of the cruiser St. Paul and his ship alone was left out of the naval parade at New York Saturday.

Seventy warships have been ordered to the Fort Monroe harbor, which will be the largest fleet ever seen together.

Miss Maud Mears, the Chicago girl who proposes to start a chain to build a battleship, has opened an office and begun work.

Commodore Howell has been made a Rear Admiral by the President and Lieuts. Winslow and Anderson advanced for "extraordinary heroism."

The first mail for Spain since the war broke out left New York Saturday on the French liner Normandie. In all there were but 1,082 letters and 900 papers.

Secretary Alger has again indulged in a burst of applause for the great things accomplished by his department. He does it in a letter to Hon. Chauncey M. Depew.

The cable between Manila and Hong Kong, cut by Admiral Dewey at the outbreak of the war, has been repaired and was used by Gen. Merritt for direct communication with Washington.

Gov. Bradley had to go to the camp of the 3d Kentucky and tell the men that it was not Col. Smith's fault that they did not get to the front. The men accuse Smith of not wanting to go.

Better order prevails in Porto Rico. The Spanish officials are assisting in every way possible. Many merchants at San Juan have ordered extensive imports. The mines in the harbor of San Juan are being removed.

The President sent messages of congratulation to Admiral Dewey and Gen. Merritt and their officers and men. Gen. Otis has arrived at Manila with his reinforcements for Gen. Merritt, making the American army 14,000 strong.

At Manila serious trouble is threatened by the insurgents, who assert that they are able to render the islands untenable for anybody. Aguinaldo has agreed to order his forces to retire 10 miles if his leaders are given employment under the American Government.

After a conference with the president Senator Cannon, of Utah, dictated an interview for the press, in which he declared that the administration will hold the Philippines permanently as a condition of peace. The Utah Senator predicts that the United States will soon dominate a great trade in the Pacific.

NEITHER President McKinley, Gov. Bradley or ourselves will attend the G. A. R. encampment at Cincinnati, and it will therefore be a failure.

The President is said to have decided as yet on none of the peace commissioners except Senator Davis and Secretary Day. Spain is said to be waiting till they are appointed before announcing hers.

When Gen. Lee called on the president when he was in Washington recently, he was accompanied by his son. The president was pleased with the appearance of the young man and appointed him a lieutenant in the regular army.

Gen. Miles has decided to leave Ponce and return to the United States. The arrangements for the evacuation of the island are so near completed that the commission will have little to do. The Spaniards are evidently anxious to get out.

News from Washington is that the adjutant general received a dispatch dated from Chickamauga Saturday and signed "Second Kentucky Infantry," stating that a petition has been forwarded, signed by nine companies of the regiment, asking to be mustered out of service.

The official report of casualties in the attack on Manila shows five American soldiers killed and 43 wounded. The dispatch announcing the signing of the peace protocol on the afternoon of August 12 did not reach Gen. Merritt at Manila until the afternoon of August 16, three days after the city had surrendered to the American commanders.

Mortality among hospital nurses is startling. It has been ascertained that a healthy girl of 17, devoting herself to hospital nursing, dies on an average 21 years sooner than a girl of the same age moving among the general population. A hospital nurse at the age of 25 has the same expectation of life as a person at the age of 58 in the ordinary community.

According to the official reports in the Adjutant General's office the number of Federal soldiers killed in battle during the civil war was 67,058; died of wounds, 43,012; total 110,070. While the number that died in hospital and prison from disease was 240,000, more than twice as many as died in battle or from wounds received in battle. The deaths from disease in the late war were even proportionally much larger.

The war revenue bill is bringing \$1,500,000 a day into the treasury. The available cash balance which was down to little more than \$200,000,000 soon after the declaration of war, has risen to \$271,957,512. Of this there was held in gold at the close of business Thursday \$199,403,989 which is higher than it has been at any time since December, 1880, when it amounted to \$203,000,000.

It seems to have been arranged that Gen. Fitzhugh Lee is to receive the surrender of Havana. This is retributive justice. Misfortune has its rights; but so has victory. Blanco was courteous enough to decline the official adieu which Gen. Lee called to tender. The American General, like Coriolanus, when he was expelled from Rome, said, "I go, but I shall return." And return he will as promised, with the star spangled banner floating in the breeze and a brass band to play the national air." Blanco will now leave, but he will never return.—Louisville Times.

Gov. McCreary is an expansionist in every sense. In an interview at Washington he said: "I am not in favor of giving up any place over which our flag floats. We must preserve and hold forever that which Dewey and his brave men so gallantly won. While it was proper for our people to oppose territorial expansion for many years, except where the territory was contiguous, conditions have changed. The days of our isolation are over. To preserve our leadership among nations we must be controlled by great events and the demands of the times." He is also for the immediate building of the Nicaraguan canal by the government.

Secretary Alger has again indulged in a burst of applause for the great things accomplished by his department. He does it in a letter to Hon. Chauncey M. Depew.

The cable between Manila and Hong Kong, cut by Admiral Dewey at the outbreak of the war, has been repaired and was used by Gen. Merritt for direct communication with Washington.

Charles Kaiser, condemned to death Sept. 6 for wife murder, cut an artery in his wrist and hung himself in jail at Norristown, Pa.

Fred Tidds, the bicyclist, broke the world's record for five miles, unpaced, by going the distance in 11:32 at Philadelphia Saturday.

George Hill, who was in the habit of walking in his sleep, stepped off the steamer White, on Cumberland river and was drowned.

Chicago's tallest and thinnest citizen died the other day. He was seven feet eight inches in height, and weighed only 125 pounds.

Six lives were lost and a number of persons were injured in a fire which destroyed the Windsor and National Hotels at Hot Springs, Arkansas.

John Wacker murdered Mrs. Lena Metzger because she rejected him for a younger lover and then killed himself. Both lived in Louisville.

Robt. Wilder, of Owensboro, Ind., drank carbolic acid because his wife threatened to leave him, but it failed to kill him, the more's the pity.

A fire, which broke out in Ratcliff & Burbridge's livery stable at Mt. Sterling, destroyed it and a number of other buildings, causing a loss of \$10,500.

The Bradleys, race horse men, played in bad luck Friday at Lexington. Jim died and Owen and Tom were run into by a train, killing their horse and narrowly missing them.

A fire, which broke out in Ratcliff & Burbridge's livery stable at Mt. Sterling, destroyed it and a number of other buildings, causing a loss of \$10,500.

JAMES Johnson, a 12-year-old boy, and Charles Wood, a colored youth, both of Princeton, quarreled over a game of marbles and Wood struck Johnson with a rock, killing him instantly.

The Odd Fellows' Widows' and Orphans' Home in Lexington will be dedicated on Thursday, October 13, and the members of the local lodges there are making preparations to make it a day long to be remembered.

At Henderson, Mrs. Blanch Vaughan has instituted six suits for \$100 each, against that many saloon-keepers and their sureties, who are charged with selling intoxicating liquors to her husband, after she had given them written notice not to do so.

The annual statement of President Ingalls, of the Chesapeake and Ohio, shows the gross earnings of the road to be \$11,788,557, an increase of \$1,080,357 over last year. The net surplus is \$618,510, an increase of \$450,694. The road has no floating debt.

A locomotive of the Pennsylvania railway recently drew a train about three quarters of a mile long, made up of 130 loaded coal cars, from Altoona to Harrisburg, 132 miles, in 12 hours. The weight of the train behind the tender was 5,212 tons, the locomotive weighing 104 tons.

Bicyclists Whaley and Ashcraft, of Williamsburg, were sworn enemies. They met on the Lexington pike near Dry Ridge. Neither would leave the path. With heads down they scolded at each other at terrific speed. They collided, and Whaley fell from his wrecked wheel fatally hurt. Ashcraft is dangerously hurt.

A CHICKEN thief named Ben McCormack from the West End is in jail awaiting trial.

DUCKS.—Julius Negro got the premium on his fine Pekin ducks at the Brodhead fair.

THE public school here, with M. O. Winfrey principal and Miss Mamie Lynn assistant, will open next Monday, 29th.

TOLL HOUSE SOLD.—President B. F. Goode, of the Turnersville, McKinney & Coffey's Mill pike, sold the toll house beyond McKinney to James Coffey for \$200.

A DALLAS, Texas, paper says that Jerome Rochester, infant son of Victor and Mrs. Mattie Kearby, died recently. The mother was Miss Mattie Rochester, formerly of Stanford.

TO FARMERS.—Our elevator with capacity of 10,000 bushels is ready for wheat, which we will store and insure at a bushel per month. Bring your crops to us. Carter & Straub.

JUDGE CARSON mulcted Cornelius Stark \$9 and Susie Bell Hansford \$5 yesterday for breaches of the peace. Both were charged with fighting and they are son and daughter of Ham.

BIDS will be received till Aug. 31 for carrying the mail three times a week, Tuesdays, Thursdays and Saturdays, from Stanford to Lytle. See Postmaster J. C. Florence for bidder's bond.

J. F. CUMMINS has bought the drug store of L. A. Pettus at Livingston and will run it with Mr. Pettus in charge. Mr. Cummins is clerking for Severance & Sons and will continue to do so till January at least.

SOLDIERS.—Train Master B. N. Roller, who was on yesterday's No. 23, told us that three or four regiments from Chickamauga to Lexington were to pass via Jellico and Livingston last night, 12 trains in all.

ANOTHER hot wave has enveloped us for a week or more. The mercury stays up in the 90s in the day, but the nights are pleasant and give suffering humanity a chance to recuperate. The Signal Service promises no relief for the heated dog days.

TOOK HIS PISTOL FROM HIM.—A Lebanon man tells us that although unarmed when John McChord attacked him, Mr. Benedict Spalding succeeded in getting the best of his antagonist. He had him down and had taken his pistol when friends arrived and parted the beligerents.

NEW HEARING.—The court at London granted James B. Howard a new trial for murdering George W. Baker and ordered him to the jail at Richmond for safekeeping. He is the leader of his side of the Baker-Howard feud and was given a life verdict last week.

MR. F. REID has purchased Mr. Winsor Wiseman's residence in Danville, opposite the 1st Presbyterian church, for \$7,500 and will move his wife and children to it about the 1st of September. The object is to educate his children under their mother's influence. Mr. Reid will continue to run his fine farm and stay alternately there and at Danville.

A VERY foolish report was the Negroes would burn down the town in retaliation for the hanging of George Stephenson and a police force of seven men were kept on duty for three nights, but of course there was nothing in it. The colored people have sense enough to know that Stanford is no more responsible for the hanging than any other part of the country.

FOOLED HIM.—A lot of boys, headed by John Nevius, gave County Clerk G. B. Cooper a fool and a scare Sunday. They dressed up a dummy and put it in the woods half a mile back of Mr. Cooper's house and then went with eyes stretched wide to tell him of it. He went at once to the scene and was uncovering the head with great solemnity when the laughter of the boys gave him the cue that he was the victim of a practical joke. He took it good naturedly as he always does everything and enjoyed the joke with them even at his own expense.

FEW of our people know what a flourishing and useful institution the United Brothers of Friendship is. There are 65 members in Stanford and none but those who stand well in every way are admitted. The lodge here owns its own hall, has \$1,600 in the treasury, pays sick benefits of \$2.50 a week and contributes \$40 to the funeral expenses of a brother. The dues are but 50 cents a month, which the members pay in without feeling it and thereby lay up something for a rainy day. There has been but one death in 10 years in the Stanford Lodge and as there is a strict physical examination required for initiation there are but few sick benefits necessary.

MART SMITH was acquitted of carrying concealed weapons at Somerset, it being proven that he was acting deputy constable at the time.

DON'T fail to attend the supper at Bright's school-house Friday night. You will get a good one and at the same time help a good cause.

FINE assortment of tooth brushes just received, to be sold at ridiculously low prices. Craig & Hocker.

HON. G. G. GILBERT, who was on Friday's train, said he would carry every county in the district and beat Davison or any one else that the republicans can put up by 1,000 or more. He is in fine spirits and looks like a winner.

EDMUND ROY, a colored soldier, who says he is from Stanford, is telling the Chicago papers about his part in the battle of Santiago, which makes him a hero. When he went to Cuba he says he weighed 183 pounds, now his weight is only 139. He had the fever.

THE republicans of Lincoln county will meet in mass convention at Stanford on Saturday Aug. 27 for the purpose of selecting delegates to represent said county in the district convention which meets in Danville on Aug. 30 to nominate a candidate for Congress.

ANOTHER death in the family of Mr. Richard Cooper, of the McKinney section, emphasizes that he and wife are passing under the rod of affliction, applied with unusual severity. About a month ago, they buried a daughter of 11, and Saturday they followed to the grave another daughter, aged 13. Both had typhoid fever.

DEPRECIATION.—A lot in Middlesboro, which the editor of this paper and several other Stanford gentlemen paid \$4,000 in cool cash for, is now assessed at the insignificant sum of \$50. The city tax on it is \$1.15, however, and the owners are rather thankful of the depreciation as they would have to sell out lock, stock and barrel if the property were assessed at the original price.

SERIOUS CHARGE.—Mrs. Rufus Wilburn, who was Miss Alice Dishon, was lodged in jail here Saturday charged with stealing clothes and a watch from Mrs. J. F. Holdam, who was visiting in Crab Orchard, to the value of \$80. She was taken thither by Deputy Pearson Miller for examining trial yesterday.

THE trial resulted in her being held in \$200, which she could not give and was returned to jail.

MCGRAW.—One of the bravest men ever pulled a bell cord is Capt. Ben D. McGraw, of the Blue Grass Special, on the Q. & C. We saw him tackle a couple of men the other night, who under the guise of liquor were terrorizing passengers, and quieted them in half a minute, though they tried their bluff on him at first. He did it so quietly and so effectively that everybody marveled. Then he sat by the scamps and saw that they behaved till they got off the train.

WHILE Mr. and Mrs. B. K. Wearen were at Church Sunday some one entered the house, which was left unlocked, and stole some shirts, collars, cuffs and perhaps other things. Suspicion was directed to a negro boy who had been in their employ and Marshal Newland soon arrested John Henry Welch. He was lodged in jail and his trial set for to-day. Mr. Wearen thinks but has no proof, that the negro stole Miss Hettie Wearen's pocket-book amounting to several dollars and also \$5 cents from the cook, and discharged him some time ago.

KELLER.—The infant son of Mr. and Mrs. G. C. Keller, Jr., died at midnight Sunday of inflammation of the bowels, aged eight months. He was named for his uncle, Henry Davis Keller, Jr., and was a beautiful and bright little fellow, idolized by his parents and grand parents, who are greatly grieved to give him up. The burial occurred at Buffalo cemetery yesterday afternoon, after short service at the grave by Rev. J. B. Crouch, and then the stricken parents went home to recall the many attractive ways of their darling and weep because he is gone from them forever.

MATRONIAL MATTERS.

There are not many girls like Cora Havens, of Columbia, Mo. She was afflicted with extreme bashfulness and killed herself on her wedding day in preference to standing up before a crowd and being married.

MISS AMANDA P. AUSTIN, of Sacramento, Cal., has sued the estate of millionaire Wilcoxson for \$150,000.

She claims that he induced her to come from Missouri and care for him, which she did for 17 years, and that she remained single at his request and is now too old to marry.

By some means Lucile Johnson procured the marriage license of Downing Buckner and Fannie Reed at Columbia, Mo., and at the time set for the wedding refused to give it up until Buckner promised to marry her in case his wife should die or be divorced.

Then the wedding went on. Buckner had previously been engaged to Miss Johnson.

It was thought to be worth the trouble to hold democratic primaries in the Fifth district of Tennessee. James D. Richardson received every vote and has been declared for the eighth time the nominee for congress. This endorsement may not be wholly without significance in connection with the speakership of the House of Representatives.

THE new president of the Kentucky State Bank is Dr. W. C. T. U. will meet at Louisville Sept. 30-Oct. 4.

The new Methodist church at Leitchfield will be dedicated August 28 by Bishop H. C. Morrison.

Rev. Dr. E. O. Guerrant, of Versailles, gave his annual "Old Folks'" dinner. No guest was present under 70 years of age.

While one person out of every three in the United States is a church member, only one out of every seven is a member of a Sunday-school.

A gift of five cents per member is the constitutional qualification for a church to be represented in the Colored Baptist General Association, which met at Frankfort, August 17.

Elder G. A. Klingman, who has just closed a meeting at Sellersburg, Ind., with 98 additions, commenced a meeting at McCormacks last night.

Fairview church, formerly Halls Gap, will be dedicated on the 4th Sunday, Rev. W. B. Crumpton preaching the sermon at 11 A. M. Rev. J. B. Crouch and other divines will take part.

The general association of colored Baptists, in session at Frankfort, adopted resolutions favoring the sending of colored missionaries to Cuba, Porto Rico, the Philippines and Hawaii, anticipating annexation by this country.

The trustees of Georgetown College have chosen Rev. James M. Frost, of Nashville, Tenn., as president of the college to fill the vacancy caused by the resignation of Dr. A. C. Davidson. Mr. Frost is a native of Scott county and graduated from the college in 1871.

Rev. G. W. Bolling was elected moderator of the Colored Baptist Association in session at Frankfort. A report was read showing that the Negro Baptists in Kentucky own church property to the value of \$600,000, besides the State University at Louisville, which is valued at \$35,000. In the United States they number 1,840,938; they operate 42 denominational schools and colleges, with 26 newspapers.

LIBERTY.

We are informed that W. D. Stagg, now manager of the Napier House, will soon take charge of the Exchange Hotel.

The present season on the farmers in this section is the best in many years, as the corn and grain crops have produced at a wonderful ratio.

A large tilling establishment will soon be built near Liberty and turn out the stuff in large quantities. Marion and Casey county men will be the owners.

The Hustonville & G. R. V. Telephone Co. will soon extend their line to Columbia and long distance 'phones will be put in every office on the line, with probably a switch board at Liberty.

If there are anything in indications there will be but few people left in Casey county this week on account of the Russell Springs Fair, which promises to lead anything in the way of crowds this side of Lexington for many days.

The Casey County Teachers' Institute was in session at Liberty last week. Prof. Ramey, of Carlisle, conducted and Supt. J. C. Lay was chairman. Something over 100 teachers were in attendance. A great many of them were from adjoining counties and as whole were as intelligent looking assemblage in the capacity of an institute as we ever looked upon; while the ladies were among those who help make Kentucky famous for her pretty women. Supt. Lay received many compliments by the teachers for his efficient reign and kindness shown them, and if the latter part of his term is liked as well as now, the man who leads him in the race for the next term will be a hummer. Nightly entertainments were on the program and the teachers made it a pleasant gathering as well as a profitable one.

V. R. C.

COL. ZEIGLER.

PROHIBITIONISTS NOMINATE HIM FOR CONGRESS IN THIS DISTRICT.

The following was handed us by Mr. Adam W. Carpenter, who with his son, George L. Carpenter, represented Lincoln county, for publication in our last issue, but was unintentionally left out:

About 50 of the faithful put in an appearance at the Prohibition convention at Nicholasville last Monday. The convention was called by Chairman Wm. Lowen to nominate a candidate for Congress for the 8th district. Mr. O. T. Wallace, of Garrard, was made temporary chairman and O. H. Soper, secretary. Col. W. H. Zeigler, of Jessamine, was nominated and the following resolutions were adopted:

We prohibitionists of the 8th district of the State of Kentucky in district convention assembled, do hereby declare and reaffirm our principles. Believing the liquor traffic to be the most gigantic evil of the age, prostituting politics and our free institutions to its base ends; laying waste our fertile lands and destroying our homes, the bulwarks of the nation; corrupting the morals, destroying the health and forever damning the very best and brightest of our nation's sons and daughters; wasting our resources and destroying the prosperity of legitimate production and trade, therefore be it

RESOLVED 1. That we are in favor of the absolute prohibition of all intoxicating liquors as a beverage; prohibiting their manufacture, sale and importation except for medical and mechanical purposes, and this only under strict surveillance of the government and earnestly ask the co-operation of all, both male and female, who love home and native land, in the overthrow of this evil by their votes and influence.

2. That we are opposed to monopolies and trusts, which we believe oppress the greater portion of our citizens and deprive them of that freedom and enjoyment of liberty, to which under the constitution they are entitled.

3. That we heartily endorse and pledge our earnest support to Col. W. H. Zeigler, of Jessamine county, our candidate for Congress.

4. That these resolutions be published in at least one county paper in each county of the district.

W. H. Zeigler, L. L. Kyle and J. T. West, committee.

Craddock thus describes the worst turnout at the Paris street fair: "The vehicle had reaper wheels on the hind axle and buggy wheels on the front, all covered with rubber hose representing a rubber tired vehicle. It was drawn by a painted mule 26 years old, and occupied by Forsyth and Fry, who carried a rag baby, impersonating 'Susie, Cecil and the baby.' Nothing during the fair attracted more attention.

The Hobson fad has gone about far enough. Girls who are bent on kissing heroes should remember that a country editor is really the greatest hero of them all. None of them ever sunk a collier perhaps, but there are hundreds who could give Hobson cards and spades and beat him out of sinking "schooners."—Cynthiana Democrat.

MT. VERNON.

No drouth this year, but too much rain is complained of by the grumblers.

We learn that the fair at Brodhead was all that could be desired by the excellent president, Mr. E. E. Protheroe, and his assistants.

Services at the Christian church were conducted by Bro. Elliott, who is greatly interested in home missions. After an appropriate sermon Sunday morning he took up a good collection from this liberal hearted congregation. Bro. I. M. Boswell is conducting a protracted meeting at Munfordville.

Dr. Wm. Shelton, of Stanford, was in town Friday in the interest of the Stanford Female College. He met a number of parents who contemplate sending their daughters away to school. Mr. James Adams and daughter, Miss Vinnie, of Garrard, and Mr. and Mrs. Fred Yeager have been visiting the family of Mr. and Mrs. M. J. Miller, Sr. We regret to note the failing health of Mrs. Yeager, who has many friends in this vicinity.

The friends of the L. & N. will be pleased to know that all of those injured in the wreck at Pennington Gap, Va., are rapidly recovering. An amusing incident connected with the wreck is related of a baby which became separated from its mother's arms as the car turned over and over. Search being made for it the little one was found in the hat-rack of the car with the bell rope wrapped twice about its tiny form, wholly uninjured.

Mr. and Mrs. Charles Spillman and R. L. Joplin are the guests of Mr. and Mrs. J. L. Joplin. Mr. L. W. Bethurum and wife have taken rooms at the Miller House since the fire. Mrs. Jack Adams is quite ill. Mrs. Jas. Landram, wife of the excellent agent of the L. & N., is visiting friends at Pittsburgh. Miss Rosa Gentry took the premium for the best lady horseback rider at the fair. Dr. Childers, of Orlando, was in town Sunday. J. J. Williams and family occupy the former home of W. J. Sparks. T. J. Cress and wife are out of town teaching their respective schools. Our thanks are due Editor James Maret for the excellent newsletters sent from Mt. Vernon during our absence. J. W. Nesbitt is in from Virginia.

Having just returned from a two months' visit to Missouri, we feel like writing volumes upon the beauties of that fertile and level country, which bids fair to eclipse the blue grass region of our own State at no distant day. The cottages of the early settlers are being replaced by stately mansions, machinery does the work of many men and the people are growing rich. Great attention is paid to education, churches of the various denominations are attended as well, if not better, than in the East, while culture and refinement are found everywhere. In the home of our brother-in-law, Dr. J. T. Flanagan, the INTERIOR JOURNAL is a most welcome visitor as it is in many other homes of the West.

Near Americus, Ga., Mrs. James McGarry and son, James Boone, were murdered by a Negro with an ax while they were in their beds. After the double murder the fiend caught a Negro woman, tied her to a tree, and mutilated her in a shocking manner. She died, but not until she told the murderer's name. A crowd caught the fiend and promptly lynched him.

A saloon keeper at Phoebe, Va., shot a sailor and the regular troops had to be called out to quiet the riot it raised. The saloon was entirely demolished.

A DOCTOR'S DIRECTIONS.

They save a daughter from blindness.

When a father writes that yours "is the best medicine in the world," you can allow something for seeming extravagance in the sale of your goods. You know that the most so-called cures have been given to the eyesight nearly lost. The best medicine in the world for you is the medicine that cures you. There can't be anything better. It is a specific for all forms of blood disease. If a disease has its origin in bad or impure blood, Dr. Ayer's Sarsaparilla, acting directly on the blood, removes the impurities and giving to it vitalizing energy, will promptly eradicate the disease.

Dr. Ayer's Sarsaparilla is the best medicine in the world. My daughter had a relapse after the measles, due to taking cold. She was nearly blind, and was obliged to remain in a dark room all the time. The doctor would give her no relief; one day directed me to give her Dr. Ayer's Sarsaparilla. Two bottles cured her completely.

The thousands of testimonies to the value of Dr. Ayer's Sarsaparilla repeat over and over again, in one form or another the expression: "The doctors gave her no relief; one of them directed me to give her Dr. Ayer's Sarsaparilla. Two bottles cured her completely."

It is a common experience to try Dr. Ayer's Sarsaparilla as a last resort. It is

a common experience to have Dr. Ayer's Sarsaparilla prescribed by a physician.

It is a common experience to see a "com-

plete cure" follow the use of a few bottles of this medicine.

Because it is a specific for all forms of

blood disease. If a disease has its origin

in bad or impure blood, Dr. Ayer's Sarsaparilla, acting directly on the blood, removes the impurities and giving to it

vitalizing energy, will promptly eradicate

the disease.

The great feature of Dr. Ayer's Sarsaparilla is that it radical cures that result from the use of it.

It makes the skin clean and the waters

clear. It makes the root good and the soil good, giving nature the elements she needs to build up the broken down constitution—not to brace it up with stimulants or patch it up on the surface.
